WHY WE ARE HERE

Did you read about the recent research study that a key factor in living longer is having a job? It isn't the money or the health insurance that leads to a longer life but the sense of purpose and community that meaningful work provides.

That is why Misericordia is both a residential community and a work opportunity for people with developmental disabilities. The Hearts & Flour Bakery is just one of many work opportunities on campus, though we think it is the best place to work.

The 50 residents who work at least one shift in the bakery see themselves as part of a team preparing bakery products that bring happiness to those who order and those who receive.

What the researchers can now measure is something we have known for a long time; having meaningful work not only makes life more enjoyable it makes it last longer.

TWO MORE FARMERS MARKETS

We have added two more farmers markets; hope one of them is near enough to you so you can stop by and say hello.

Order online and pick it up at the market. Anything you can order on line (including our coffee and items we cannot ship), we can bring to one of our markets where you can pick it up and avoid shipping charges. Simply place your order online, check "in store pick up", and then under the comments section tell us which market on which day. Please give us two business days before the market pick up day to process your order.

SUMMER BREAD SPECIAL

Zucchini bread, light, sweet, moist (we make it with cream cheese) is our most popular bread during the summer. Our farmers market customers buy three loaves at a time and then eat them for breakfast, afternoon snack, or when they have company.

Almost as popular is our Lemon Bread. Sweet with a pound cake consistency and an "oh yeah, that's lemon" taste, this bread makes a perfect summer-time dessert. Top a slice of the bread with fresh berries and a dollop of whipped cream and we guarantee you there will not be a crumb left on the plate.

Three zucchini and three lemon breads in a gift box make a wonderful summer gift to thank someone for their hospitality or for no particular reason. And right now we pay for shipping. Click anywhere on this page to see the details.
