Dear Staff,

#### 2

When I think about this past year three words come to mind: dedication, determination, and devotion. I firmly believe these three words sum up the quality and character of the wonderful staff we are blessed to share life with at Misericordia.

#### 3

If you look it up in the dictionary, "**dedication**" refers to a commitment towards a task or purpose. Throughout all the unknowns of this past year you, our staff, never wavered in your commitment to creating and maintaining the best life possible for our children and adults. This called for an endless amount of creativity and flexibility. At times it called for you to put Misericordia before your families and friends. This past year was demanding and you rose to the challenge so beautifully.

#### 4

"**Determination**" is defined as firmness of purpose. Throughout 2021 I am proud to say our staff always stayed on task, giving their best, and working together to achieve the ultimate goal of creating a safe and happy life for our residents. And we succeeded! Our children and adults live good lives with purpose and challenge – despite the changes that needed to be made to comply with Covid-19 rules and regulations. That is determination!

#### 5

Lastly "**devotion**" – defined as great love or loyalty. There is no denying when you work at Misericordia it is not just a job, it is a vocation. We do God's work. I have often said that because of their disabilities our residents cannot create a good life for themselves but we, as the hands of God, are called upon to help create a good life for them. You bring love, tenderness, and acceptance to everything you do. It takes a special kind of person to work with God's most vulnerable people. It never escapes me how blessed we are.

#### 6

In this blessed season of Christmas I am filled with gratitude to you, our staff, for making 2021 a productive and fulfilling year – despite the adversities we faced – for the most precious individuals who call Misericordia home. Thank you for your dedication, determination, and devotion to our children and adults and to Misericordia's mission.

#### 7

God's blessings on you and yours. You are always in my prayers.

#### 8

Lovingly,  
**Sister Rosemary**

## GET IN YOUR APPLICATIONS FOR FIT FOR SUCCESS: TIER ONE

Tier One of Fit for Success will begin on Thursday, January 13, and meet each week through February 17 from 1-3 PM. Applications can be found on ADP or picked up in HR. The deadline to submit them is December 15th! If you're asking yourself if you should join, consider the following questions and answers:

**Who is eligible for FFS?** Right now, our focus is on DSPs/CNAs, RBTs, Therapy Aides, and CDS staff.

Discussions are underway about developing a version of FFS for auxiliary staff in the future.

**How long do you have to be employed before participating?** Six months, and in good standing

**What is the focus of the class?** Both Tier One and Tier Two strive to give staff the tools they need to grow professionally. For Tier One, our focus is on self-identity. Staff are encouraged to reflect on their perspectives, perceptions, and emotional intelligence among other topics. We spend time reviewing and practicing communication skills and conflict management. For Tier Two, our focus is on teamwork. We bring the skills learned in Tier One (or Professionalism) and reflect on how these skills impact our role on our support teams.

**Which class should I apply for?** Tier One is open to residential/CDS staff who have not completed Professionalism. Tier Two is open to staff who have completed either Tier One **OR** Professionalism. Tier Two will be offered later this winter.

If you have more questions about Fit for Success, [click here](#) or reach out to Mary Ann Goode by [email](#) or extension 3041.

# INFORMATION TECHNOLOGY

## EMAIL SECURITY

We have implemented a new email filter that will work to block spam and malicious emails. Please help IT fine-tune this system by forwarding suspicious emails to IT. ## UNDERSTANDING CATHOLIC IDENTITY

**Good news for people who love Christmas!** The holiday lasts for twelve days, not just one. "The 12 days themselves are simply the time between the two major Christmas feasts: the Nativity of the Lord on December 25 and Epiphany on January 6," writes Bryan Cones on [uscatholic.org](#). "Since Christmas was the major 'birth' feast in the ancient Western churches and Epiphany was the biggie for the Eastern churches, the days between them inevitably gained significance."

Delete emails you don't need, but if you select "opt-out" of one email, you will not receive future emails through Constant Contact. # MEET THE AUTHOR OF CAMPUS CONNECTIONS

**Pictured:** Tiffany Johnson, Communications Manager and author of Campus Connections. Although Tiffany is a part of PR/Development, her office is located in the Behavior Department wing of the Conway Building. Staff can send her inquiries and suggestions for the newsletter via email at [tiffany@misericordia.com](mailto:tiffany@misericordia.com).

Tiffany started at Misericordia as a volunteer through Loyola University Chicago. In 2010, Tiffany began as a full-time DSP in Mercy Glen. She later worked for CDS (formally known as DT), as an instructor for Technology-Enabled Learning and A.R.I.S.E. (Advocacy, Respect, Rise, Identity, Self-Expression) from 2013-2020. Tiffany was also the producer and publisher of DT's Pulse Newsletter and the Misericordia News Network.

In her newest role as Communications Manager, Tiffany helps our campus stay informed and engaged through Campus Connections, monthly initiatives, and focus groups that celebrate and support the wellbeing of our community. Although she doesn't get to see the residents on a daily basis like she used to, Tiffany says "anybody who works at Misericordia will tell you that all the work that we do contributes to the residents' quality of life. By providing information that helps staff feel aware and included in what's happening at Misericordia. I hope that invigorates them to do the best that they can while serving our population."

Tiffany really likes finding and sharing information with people, and figuring out how to present it in ways that attract people and make it easy to digest. She says the biggest takeaway from her research is that no matter what information you find and the questions you answer, there will always be more questions or somebody wanting to know more. As the first person to fill this role, Tiffany imagines there are a lot of ways that her role and responsibilities will evolve.

When asked about preventing burnout, Tiffany refers back to skills she learned in training class, like being honest with herself and others about how much she can handle, giving herself structure and reasonable timeframes for completing things, and being intentional about when/how she spends breaks and days off. These skills translate well to coping with the Pandemic. Like many of us, Tiffany is taking everything one day at a time, which allows her to cope with the challenges and changes that come her way.

When she is not working on the newsletter, Tiffany enjoys collecting zines and enjoys reading graphic novels. Tiffany also ran track and field for ten years, including the 400m hurdles for the Loyola Ramblers! While she has no pets, Tiffany does have a soft spot for pugs.—*written by Consuelo Teresi-Reschke and Nancy Gaytan*.
